Musquodoboit Valley Quality Sod is a producer and supplier of landscape products for industry professionals and the general public. We pride ourselves in providing consistently premium quality product backed by timely delivery and excellent service, all at very competitive prices. We are currently producing 800 acres of nursery sod on a two (2) year cropping plan. Because we farm in an environmentally sensitive area, our efforts are concentrated on producing the most healthy sod available to reduce and/or eliminate the need for chemical interventives.

Demand Quality Sod, Musquodoboit Valley Quality Sod -- A real solution for homeowners.
