Landscape Industry Certified Technician Training Series 2010

2010 Winter Schedule

This series provides both theoretical and practical training in landscape maintenance and installation. Skills and standards identified by the Canadian Nursery Landscape Association and tested through the Landscape Industry Certified Technician Program (formerly CHT) are considered minimum levels of information presented in a modular format.

Instructors:

Tracey Mackenzie, Nova Scotia Agricultural College
Brad Cameron, Landscape Industry Certified Technician
Karen Dickie, Landscape Industry Certified Technician
Jeff Morton, Landscape Industry Certified Technician

- January 15 - Job Site and Equipment Safety / Operation
- January 22 - Instrument, Grading and Drainage
- February 19 - Hardscapes - Interlocking Concrete Pavers
- March 12 - Pruning Trees and Shrubs
- March 19 - Sod and Tree Installation
- March 26 - Irrigation Systems
- April 9 - Turf Management

Notes:

Class notes are provided. Additional information related to each module topic will also be provided. Content will include lectures and activities that will be hands on in accordance with Landscape Industry Certified Technician requirements set by the CNLA.

Recommended Text: Landscape Training Manual for Installation and Maintenance Technicians (ALCA). Available for purchase from the CNLA Office.

Location:

Collins Horticulture Building
160 College Road
Nova Scotia Agricultural College
