

JUDGING CRITERIA

'Right Tree in the Right Place'

Total 100 points

The Excellence Award for the Right Tree in the Right Place is selected by the judges from all Excellence Award Entries in the Maintenance and Installation categories. No application is required for this award.

Selection is based on the following criteria:

Total Category Value 25 - points

The tree enhances the project's natural environmental performance by co-ordinating water and soil management, solar access, micro-climate, tree canopy and habitat values.

Total Category Value 25 - points

It contributes to the positive image and contextual fit of the project through respect for streetscape and neighbourhood character, or desired future character.

Total Category Value 25 - points

Planting methods optimise the tree's establishment and long term performance on the site.

Total Category Value 25 - points

The tree will not interfere with service infrastructure in the future.
